

Have you heard of the EPA RRP Law?

New EPA lead based paint regulations go into effect April 22nd and will impact home remodelers and rental property owners working on dwellings constructed before 1978.

Steve M. Smith from the State of Michigan will present an overview of the EPA regulation, explain the impact on renovation work, and discuss what it means for homeowners, contractors, rental property owners and housing inspectors.

What: Awareness Training for the EPA
Renovation, Repair and Painting Rule
